

Are You Engineered to Rock, or Wired For Stock?

We want you to get the performance and reliability that makes Rockford Fosgate Amplifiers famous. Using poor-quality under-spec wiring is a guaranteed way to get less than you paid for from your system.

We are so certain that getting your system wired to rock with the right wire and cables will make a difference, that we will give you an additional I year warranty on your amp when you use the matching amplifier install kit. See the warranty statement on the back of your amplifiers performance verification certificate for details or go to www.rockfordfosgate.com for details.

How it Works

- Purchase one of the listed ROCKFORD FOSGATE amplifiers from an authorized ROCKFORD FOSGATE dealer!
- At the time of the amplifier purchase, also purchase a correctly matched*
 LIGHTNING AUDIO amplifier install kit, and get an additional year of warranty on your amplifier FREE.

Ask Us How to Get a FREE 1 YEAR Extended Warranty On Your New Amplifier

 Place the serial number sticker located inside your amplifier install kit, or the UPC code from the package, on the back of your amplifiers performance verification certificate or a copy of the Extended Warranty form from www.rockfordfosgate.com. Extended Warranty details can be found on the back of your amplifiers performance verification certificate or on line at www.rockfordfosgate.com.
