PURPOSE BUILT AUDIO

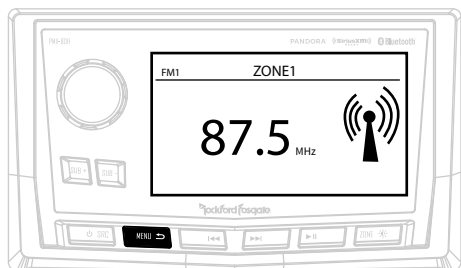

## INSTALLATION ADVISORY

The PMX-8DH incorporates a running change to increase the processor memory from 64MB up to 128MB. This upgrade supports "Day/Night" screen mode. There are two methods for determining what version you have. If you need help with this advisory, please contact Rockford Fosgate customer support at 1-800-669-9899.

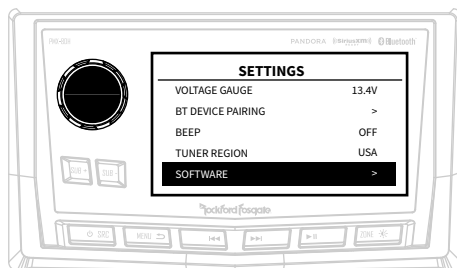

**METHOD #1:** PMX-8DH Serial Numbers equal or greater than **#1017011020-73** will have 128MB memory. Lower Serial Numbers will have 64MB memory.

**METHOD #2:** Power-on the PMX-8DH while connected to a PMX-8BB.  
1) Press & hold MENU button for 2 secs until SETTINGS menu appears.  
2) Rotate VOLUME knob to scroll, then press down to select SOFTWARE.  
3) Press VOLUME knob to select VERSION.  
4) 128MB models display "DAY/NIGHT MODE SUPPORT: YES" & "MEMORY: 128M bit".

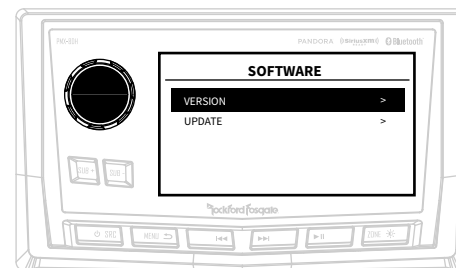

### STEP #1

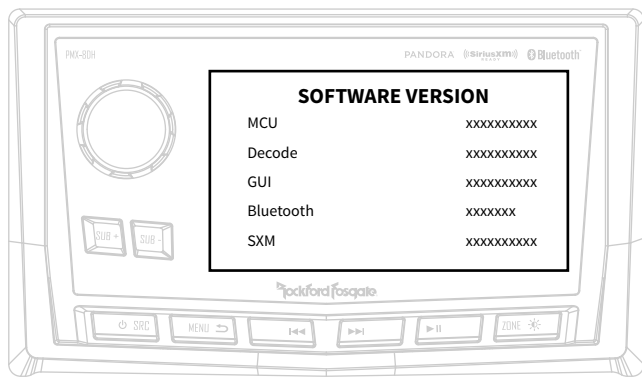

### STEP #2

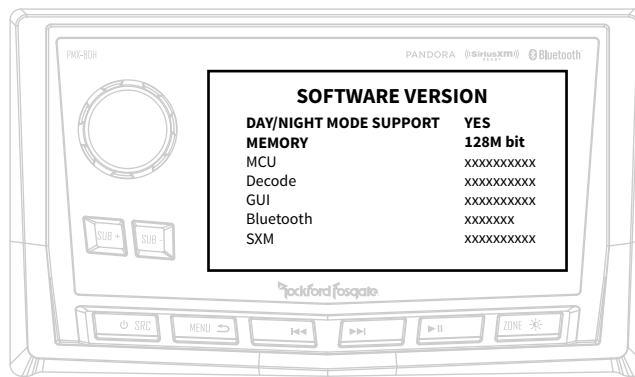

### STEP #3

### 64MB MEMORY

### 128MB MEMORY
