Business Planning Analyst Intern

Key Responsibilities:

- Sales/Demand Forecasting: Work closely with Sales & Planning Management to develop sku level sales forecasts for all sales channels including aftermarket, OEM and International.
- Reporting: Prepare and present reports on business performance, market analysis, and strategic initiatives to stakeholders.
- Data Collection and Analysis: Gather and analyze data from various sources to support business planning activities.
- Collaboration: Work closely with cross-functional teams to support business planning and strategic initiatives.
- Process Improvement: Identify and recommend improvements to business planning processes and tools.
- Project Support: Assist in the planning, execution, and monitoring of various business projects.

Required Skills/Qualifications

- Education: Currently pursuing a Bachelor's or Master's degree in Business Administration, Finance, Economics, or a related field.
- Analytical Skills: Strong analytical and problem-solving skills with the ability to interpret and manipulate large datasets.
- Technical Skills: Proficiency in Microsoft Excel, PowerPoint, and other data analysis tools. Experience with financial modeling and data visualization software is a plus.
- Attention to Detail: High level of accuracy and attention to detail in all tasks.
- Excellent communications and problem-solving skills are a must.
- Interest in Business Planning: Strong interest in business planning, strategy, and analysis.
